

RTU Course "Entrepreneurship"

01B00 Riga Business School

General data

Code	BS0052
Course title	Entrepreneurship
Course status in the programme	Compulsory/Courses of Limited Choice
Responsible instructor	Jānis Grēviņš
Academic staff	Jānis Bergs
Volume of the course: parts and credits points	1 part, 6.0 credits
Language of instruction	LV, EN
Annotation	The study course will develop an understanding of business processes as well as skills, abilities and actions to promote entrepreneurship. The knowledge and tactical skills acquired in the study course will prepare for work in an uncertain, complex and ever-changing labour market with an economic downturn, global mobility, an increase in contract work, changes in employment status and an increase in self-employment.
Goals and objectives of the course in terms of competences and skills	The study course goal is to explore entrepreneurship and business culture. The tasks of the study course: 1. To acquaint with the main aspects of business planning, marketing, and financial management that are necessary for the development of the business field. 2. To develop the ability to think creatively and innovatively, using the company as a key component in future development.
Structure and tasks of independent studies	Students independently analyze the literature of the study course, prepare for tests, prepare a business plan and appendices, prepare and present a business idea, and prepare for the final exam.
Recommended literature	Obligātā/Obligatory: Bruce Barringer and Duane Ireland, Entrepreneurship: Successfully Launching New Ventures, Pearson, Fifth Edition (global edition), 2015, 568 p. The Lean Startup by Eric Ries, 2011, 336 p. Zero to One by Blake Masters and Peter Thiel, 2014, 224 p. Papildu/Additional: The Hard Thing About Hard Things by Ben Horowitz, 2014, 304 p.
Course prerequisites	Bachelor degree.
